

Where?

Organise your own right where you are! Cultivate a lifestyle of intentional worship, at your home or work and everywhere in between. Alternatively you can participate in the various activities that will also be organised in and around Cape Town - see our online calendar for the location of the worship activity nearest you.

Who?

Everyone that believes that Jesus Christ is the Son of God, the King of kings, the only one worthy to be worshipped.

Why?

In this time the Lord is calling on his Bride to rise up in true worship. The 40 Days will prepare, equip and activate the body of Christ to pursue a lifestyle of worship. The vision is to see every believer worship Jesus Christ in Spirit and in Truth. People will prioritise and dedicate their time and hearts to worship the Lord and

in doing so, not only will they be transformed into His image, but they testify to the world that Jesus Christ is the only One worthy of worship.

How will it be done?

During the 40 Days various teams will be organised to lead worship activities. They will also be available to freely assist your local church ministry teams should you request this help. Local churches are encouraged to get behind this vision and organise and share their own creative worship activities. Our website will contain calendar events, teaching material, testimonies and opportunities for you to sign-up and volunteer to help with the planned events. However, we do not rely on digital platforms - we rely on the Holy Spirit within every believer to call the body of Christ to worship King Jesus. Therefore, this is a time and opportunity for every follower of Jesus to devote themselves to prayer and worship in response to His Glory and Goodness.
